*Happy Anniversary Epilepsy Durham Region!*

*On behalf of the Canadian Epilepsy Alliance, I would like to congratulate Epilepsy Durham Region on their upcoming anniversary. It's been a pleasure to have Epilepsy Durham Region as part of our national team that consists of Canada-Wide grassroots agencies dedicated to the promotion of independence and quality of life for people with epilepsy and their families through support services, information, advocacy and public awareness. We believe everyone deserves an opportunity for a better life.*

*Epilepsy Durham Region offers a number of programs to help promote awareness, client support and outreach initiatives about epilepsy in their community. For people living with epilepsy, it can be stressful to get the assistance they need to help improve their overall quality of life. Epilepsy Durham Region staff and volunteers genuinely understand the needs of those living with epilepsy and work hard to assist their clients so they are able to be active participants in their community. Their work helps reduce the stigma and helps the community at large have a better understanding about epilepsy and seizures.*

*Once again, I would like to congratulate Epilepsy Durham Region for their ongoing support to help families and people living with epilepsy in their community.*

*Keep up the great work!*

*Sincerely,*

*Deirdre Floyd, President  
Canadian Epilepsy Alliance*
